\$10 gets you \$130 value

You're on to a good thing!

The SMSPup Mobile Cap plan means that you can pay **\$10 and get \$130** worth of Monthly Included Call Value, with **No Minimum Contract Term** and **No Connection Charge** by opting in to receive up to 5 Mobile and Email promotional messages per day.

As well as receiving great value with the Cap plan, you can also earn points by viewing and responding to Mobile and Email promotions. Simply go to www.smspupmobile.com.au to view your points and to see how you can make the most of them.

Here's how it works

Monthly Access:

This is the minimum you pay each month, regardless of your usage.

Monthly Included Call Value:

This is the total amount of value you receive per month for Calls to Mobiles and Landlines in Australia, SMS, MMS, Calls to 13 and 1300 numbers, International Calls, GPRS and Voicemail.

How the Cap works:

When you connect to SMSPup Mobile, you will pay a minimum Monthly Access fee that is dependant on whether you have opted in to receive Mobile and Email promotional messages per day. Your Monthly Included Call Value remains the same. It is only when you exceed your Monthly Included Call Value, or when you make calls that are not included in your Monthly Included Call value that additional call charges will apply.

For example: If you opt in to receive up to 5 Mobile and Email promotional messages per day and pay \$10 for your Monthly Access, you will receive \$130 worth of Monthly Included Call Value. If you use between \$1 and \$130 worth of included calls, you will only pay \$10. Any calls exceeding \$130 will incur an additional charge at the standard rates.

Here's what you get:

Monthly Access	\$10 if you opt in to receive promotional messages. \$29 if you do not opt in to receive promotional messages
Monthly Included Call Value	\$130
